- Bank certificate
- An accommodation for the entire period of your stay.
- Hand all the documentation in personally to the Spanish Consulate in your country.
- Optionally you can be invited to a personal interview.
- You will be informed about the decision in a month.

How can I renew my student visa?

You can extend it annually when you prove:

- That you continue to meet the requirements established for obtaining the study visa.
- That you have passed the tests or requirements to continue your studies.

Is it possible to work with the student visa?

Yes, you can study and work but only part-time (20 hours a week) when they make you a job offer and the immigration office approves it.

This work should be compatible with your studies.

The validity of the contract may not exceed the duration of the study visa.

Will I be able to change the residence of studies to residence for work?

Yes, if you have been in Spain for at least 3 years for studies.

And if you have a job offer.

How can I obtain a stay visa for my relatives?

If you have applied for a study visa or are already in Spain with this visa, you can request a stay visa for your family members (spouse, or children under 18).
